EDUCATION

Cyber Security | MSc

Duzce University

2023 - Thesis Stage

Computer Engineering | BSc

Duzce University

2018 - 2022 | 2.97/4.00

SKILLS

- C#
- .NET CORE
- .NET API
- .NET MVC
- .NET MAUI
- ENTITY FRAMEWORK
- MICROSERVICES
- SQL & NOSQL
- DOCKER
- ALGORITHM
- REST & GRAPHQL API

LANGUAGE

English | Professional

About Me

I am a Computer Engineering graduate with hands-on experience in **backend development** and **ERP systems**, particularly in defense and manufacturing sectors. I have worked with **.NET Framework, REST & GraphQL APIs, WinForms**, and **.NET MAUI**, building scalable solutions adopted across multiple business units.

Looking ahead, I am committed to building a **long-term career** in **software development**, where I can combine my technical experience with my passion for creating efficient and robust systems. I am open to new technologies, enjoy solving complex problems, and thrive in collaborative environments.

WORK EXPERIENCE

Nov 2024 - Nov 2025

Sub-Lieutenant

Turkish Armed Forces

- Delivered technical training on **network systems** and infrastructure.
- Designed and developed **.NET 8** project utilizing **embedded-SQL**

Jun 2023 - Nov 2024

Software Specialist

Constantia Flexibles

- Developed applications using **.NET MAUI** and **.NET APIs**
- Designed and developed **WinForms** applications
- Worked with **SQL** databases

Feb 2022 - Jun 2023

Software Engineer

MSC Technology

- Built and maintained **.NET APIs** and **WinForms** applications.
- Worked with **SQL** and **NoSQL** databases
- Used **GitHub, Bitbucket** for version control; **JIRA** for project management
